WITH EVERY CITY AND GUILDS LEVEL 5 HEALTH AND SAFETY DIPLOMA A MEMBER OF STAFF IS
ENROLLED ON TO, A FREE SHORT COURSE** IS OFFERED FOR YOUR STAFF
WHICH IS A SAVINGS OF UP TO £685.00!!!**

Who is it for?

This qualification is designed for health and safety professionals. Level 5 denotes competence which involves the application of knowledge and skills in a broad range of complex, technical or professional work activities performed in a wide variety of contexts and with a substantial degree of personal responsibility and autonomy. You should be responsible for developing and applying of health and safety procedures day-to-day in your organisation. You may be a staff member, supervisor or manager looking to improve your knowledge and skills.

How does it Work?

The assessment is undertaken at the candidate's own site by an Awarding Body approved Assessor. This causes minimum disruption to the candidate's day to day work load which can occur with alternative training programmes where the candidate leaves site to be trained in a classroom setting.

The award includes for the candidate to build a portfolio of evidence which is then assessed against a nationally recognised standard and has the added benefit of being transferable between market sectors.

What will I Gain?

On successful Completion of this qualification, candidates are issued a Diploma along with their portfolio which has recorded their achievement to keep as a reference. On gaining the qualification you can apply to become a Chartered member of IOSH.

What are the Benefits?

- ✓ Understanding of how to provide a safe working environment
- ✓ Improved awareness and training to reduce accidents at work
- ✓ Achievement of a nationally recognised qualification
- ✓ Contribution to the safe working practices of the organisation
