

## Level 2 Certificates and Diplomas in Sustainable Waste Operative

QSP provides these qualifications to encourage best practice. The awards are assessed to a national standard, allowing employees to develop the skills necessary to perform their role effectively.

Each award can be tailored to the tasks an employee performs during their normal day to day activities and covers all aspects of waste collection and support services, including units concentrating on service delivery performance, health and safety and team working skills.

### Who is it For?

Operatives working in the Waste Management Industry who do not have supervisory role. But who would benefit from understanding the importance of consistency in workplace practices.

### How does it Work?

An approved QSP Assessor will be designated to you following the registration process who will offer all the support and guidance to assess you through the qualification. The qualifications are assessed 'on-the-job'.

Individuals will be required to build a portfolio of evidence which will be assessed against the set WAMITAB standard; the evidence will be collect by carrying out normal day to day duties.

### What will I Gain?

On successful completion of these qualifications candidates receive a level 2 certificate, along with their portfolio which has recorded their achievement to keep as reference.

### What are the Benefits?

- ✓ Greater staff morale, leading to increased productivity
- ✓ Improved awareness of health and safety requirements
- ✓ Greater competitiveness - competent staff increase the prospect of securing further contracts
- ✓ Employee achieves a nationally recognised qualification with transferable units
- ✓ A structured development path is provided
- ✓ Increased knowledge of working practices
