

Level 3 Diploma for Waste Supervisor

QSP provides this qualification to encourage best practice. The award is assessed to a national standard, allowing employees to develop the skills necessary to perform their role effectively.

Who is it For?

The course is designed for employees who have supervisory and managerial roles in the Waste Management Industry

How does it Work?

An approved QSP Assessor will be designated to you following the registration process who will offer all the support and guidance to assess you through the qualification. The qualifications are assessed 'on-the-job'.

Individuals will be required to build a portfolio of evidence which will be assessed against the set WAMITAB standard; the evidence will be collect by carrying out normal day to day duties.

What will I Gain?

On successful completion of the qualification candidates receive a level 3 certificate and a portfolio recording their achievement to keep as a reference.

Achievement of the qualification shows competence has been demonstrated by the learner to supervise personnel and activities associated with sustainable waste management activities.

What are the Benefits?

- ✓ Employees working towards the qualification will not have to leave their workplace, as all assessment and necessary training is carried out on-site while the employee carries out day to day tasks.
- ✓ Employees will gain understanding of health and safety, working with others and maintaining standards of service.
- ✓ The employee will be able to select optional units best suited to their job role.
- ✓ The qualification provides progression opportunities by utilising units that are common to other waste management qualifications
- ✓ Employees achieve a nationally recognised qualification with transferable units

Level 3 Diploma for Waste Supervisor

Level 3 Diploma for Waste Supervisor

To achieve this qualification you must achieve a minimum of 59 credits by completing all of the five mandatory units in Group A (worth 47 credits) and any two units from Group B (worth a minimum 4 credits) and any three units from Group C (ensuring that at least two of these are at Level 3 or above and therefore worth a minimum of 8 credits).
